From: Shyla Vire

To: TSA Board

Subject: Corporate Sponsor Chairperson Update

The purpose of this is to officially let the board know of the progress on the sponsorship of events for the 2010 TSA State contest.

As you know, Mary Zimmerman has been working on this assignment for the past few years. However, since taking over this position, Mary and I have yet to sit down and discuss what the forms, processes and former contacts that may have already been contacted or agreed upon sponsoring events.

In closing, I would like to say that I have worked on getting a list of possible sponsors as well as contacted a person involved with Skills USA in Texas to help with understanding what is needed to make our contest sponsorships meaningful for all involved. . I believe that the organization as a whole is on the verge of making some great strides to further our success as well as the students.

Please let me know if you have any questions or comments.
