TTSA State Officer Coordinators Report

With the State Leadership Conference completed and a Newsletter posted on the web this year's state leadership team has done a wonderful job. We could not be more proud of the work that they have done. We would like to point out that Kristina Worley has done a fabulous job as the State President. It just goes to show that we are working in the right direction when students can lead a group of students in the way that she has over the past year.

We have successfully completed another Statewide Leadership conference and believe we should be in good shape to improve on it for next year. We believe that this year we were under budget. We had 211 students at this year's conference and 33 advisors registered. The Texas Lions Camp is very pleased with us and has already talked about having us back again next year. We raised quite a bit of money for ACS this year and I am hoping that Karen's report will have that dollar amount.

We have begun talks with Eric Dixon to present at next years conference. Some of you may remember meeting Eric at the national conference. He is a former national officer and we have found him to be very entertaining. We are not expecting him to be a professional speaker but have asked him to tell us some stories about his time in TSA. It should be an interesting session. He will also conduct break out sessions on leadership.

We are already planning our programs for the State contest and we will be able to put on a very nice program this year. We would like each of you to do your best to encourage each chapter advisor to send their delegates to the delegate's portions of our sessions. Last year during the election we believe we had less than 40 chapters represented during the election. With over 150 affiliated chapters that is way too few to have at an election if we are truly working on educating our students on how to be good citizens. We will try to do a better job of documenting who was present at the meetings. We believe we could do a role call or have a check in table for delegates since we did not do a very good job of this last year with the arena seating.

We already have begun making plans for this summers Leadership Training session. We are looking at bringing in the leadership team on Tuesday June 15th and sending them home on Thursday June 17th.

Sincerely,

Curtis Green Pamela Cook
